## Junior Cycle

Check out these toolkits and guidelines, designed to support JC teachers:

- [Assessment guidelines for NCCA short courses](#)
- [Guide to Subject Learning and Assessment Review meetings](#)
- [Focus on Learning Assessment Tool](#)
- [Key Skills teaching toolkit](#)

Also, see the [examples of first year student work](#) in JC Modern Foreign Languages.

### Primary

#### Language curriculum

Try out the [draft frameworks](#) for short-term and long-term planning and let us know how you got on.

Check out the latest [Support Material](#), just added, for teachers of Irish.

### Consultations

#### Junior cycle

Consultations on draft specifications for [Home Economics](#) and [Music](#) are now open, until **31st March**.

Consultations on draft specifications for [History](#) and [Geography](#) will begin on **27th March**.

### Wellbeing

#### Guidelines

Find out about [Wellbeing in Junior Cycle](#), including Guidelines on Wellbeing and an [information leaflet](#).

Assessment guidelines for [Wellbeing-related short courses](#) in PE, SPHE and CSPE are now available.

### [Primary Consultation](#)

## Structure and time

Get informed about the proposals related to [structure and time in a redeveloped primary curriculum](#). Find out how you can have your say. We look forward to hearing from you!

### [Junior cycle](#)

## English

Click on the link for information about the second window for the [Junior Cycle English Collection of Texts and Assessment Task](#). Completion is now due in **April**.

### [Research symposium](#)

## Early learning

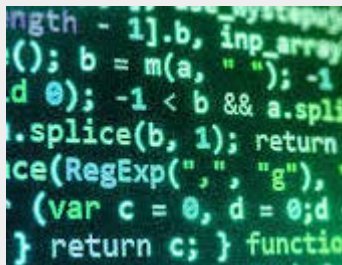

Take a look at [keynote presentations](#) from a recent research symposium - **Early Learning in the 21st Century** - on curriculum integration, innovation and imagination.

### [ERB and E](#)

## Findings

Read about the [findings from the consultation](#) and the directions for the development of **Education about Religions and Beliefs and Ethics**.

### [Senior cycle](#)

## Computer science

Read the [research report](#) on the international provision of computer science at upper second level.

### [Podcast](#)

## Emergent and inquiry-based curriculum

Learn more about an emergent and inquiry-based curriculum by listening to a new [podcast by Professor Nimmo](#).
