

Meeting	Junior Cycle RE Development Group Meeting
Date	Dec 13th, 2017
Agenda item 1: Report on consultation on background paper	The report was welcomed and the main points raised within it were discussed. The group noted the key themes and concerns arising from the consultation that need to be considered in the development of the new specification.
Agenda item 2: Review of Learning Outcomes	Suggested amendments were then discussed and noted.
Agenda item 3: Classroom Based Assessments (CBAs)	There was some initial discussion on the role of CBAs within the new junior cycle and potential CBAs within RE. The group were interested in examining in more detail the following possibilities: <ul style="list-style-type: none"> • An investigation on a question or topic of interest leading to a presentation or report • An action orientated CBA • A CBA that supports student reflection on their learning
