

<b>LC Climate Action and Sustainable Development</b>	<b>Development Group meeting #11: 14.09.23</b>
	<b>Short description</b>
<b>Agenda item</b>	<b>Notes</b>
<b>Auditing, refining and design considerations</b>	The DG received an input on Leaving Certificate Computer Science. The purpose of this input was to hear about the process of curriculum design in another recently developed Leaving Certificate specification.
<b>Senior cycle key competencies</b>	The DG received an input on the recently published senior cycle key competencies and considered how the key competencies are currently reflected in the draft CASD specification.
<b>Auditing work</b>	DG members began to audit the draft learning outcomes for duplication within and between strands.
<b>Next steps</b>	The chair reflected on the work of the meeting and thanked the members for their attendance and contributions.  Next Meeting: Friday, 13 <sup>th</sup> October 2023.
